

Volunteer role: Public Speaker

Location – Shropshire and surrounding counties.

Could you use your experience to talk about Lingen Davies Cancer Fund and current appeals to people in the community? Saying a few words of thanks, or delivering a 20-minute presentation on our work? Whichever the supporter requires.

What's involved?

- Reaching places that we could give talks at
- Contacting organisations and arranging the dates for you to go
- Gaining the facts about the audience and how long they want you to speak
- Giving a presentation or receiving a cheque and giving a vote of thanks whichever, they are looking for

What will you get out of it?

- Utilising your communication skills, and public speaking experience, enhancing your CV, or just keeping in touch with people
- Have a rewarding experience helping us to raise awareness of Lingen Davies Cancer Fund in the community

How much time should I give?

We would suggest a few hours a month, or more if you have the time, or as required.
